Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, can achieve our academy mission which is to ensure our whole community is highly employable and fully ready to lead happy and successful lives... The focus of this strategy is to support disadvantaged pupils to achieve our mission, including progress for those who are already high achievers.

Our Pupil Premium strategy is divided into the following four priority areas:

- Quality first teaching and harnessing the power of feedback
- Highly tailored interventions
- Minimising barriers to achievement
- Keeping aspirations on track and broadening experiences

Quality first teaching and harnessing the power of feedback

We understand the importance of ensuring that all teaching meets the needs of each learner, rather than relying on interventions to compensate. Therefore, we develop teacher talent by investing in practice and coaching. We practise key techniques collectively as a staff twice every week during morning meetings and engineer more tailored practice during one-to-one coaching sessions. The best way to ensure students make progress is to harness the power of feedback. Each day has feedback time built into it where the class teacher works with students either one-to-one or in small groups with the aim that no student goes home with a misconception. At least every half term parents receive a highly personalised report, a face-to-face meeting or a telephone call home. Students regularly receive written feedback through effective formative feedback, whole class feedback and follow up with DIRT. At the start of every Collective Learning session and at every line-up we reflect back on how the day has gone and the key highlights in learning.

Highly tailored interventions and more time

We find out where the basic skills gaps exist among eligible students as soon as they arrive in Year 7 and deploy our best teachers to help close these gaps. Double staffing is strategically deployed to support those that need it most. This could include working in small groups or on a 1:1 basis. In addition to our thirty 55-minute lessons, we run four 25 minute Collective Learning sessions, five 30 minute reading sessions, daily co-curricular in sport and the arts (and more) and one 50 minute Cultural Studies session over the course of the week. As well as this, those identified with literacy needs, attend targeted literacy sessions which include sessions on targeted literacy lessons using Lexia. Any disadvantaged student who is not on track is targeted through highly tailored prevention and intervention plans.

Minimising barriers to achievement

We have thought carefully about what barriers to learning our students are experiencing, and how to remove or, at least, minimise them. For example, we have employed Mountain Rescue Mentors to provide well-targeted support to improve attendance, behaviour or links with families where these are barriers to a student's learning. We insist on good learning habits with the highest of expectations and no excuses. We have very clear rules about homework and equipment because students have to be ready to learn. Our uniform (and for KS4, business dress) is very practical and offers students elements of choice, but students are expected to wear it with pride and there is a strong attention to detail. During lessons, students are expected to track the speaker, teacher, or student, and remain focussed at all times. We recognise reading is a significant barrier for students on entry and we prioritise reading through 30 minutes of reading time each day during DEAR (Drop Everything And Read) sessions and the whole staff use Reading Reconsidered strategies. Students also access a number of reading interventions, such as Lexia.

Raising aspirations and broadening experiences

Bradford is one of the UK's most significant areas of socio-economic challenge therefore, our priority is to embed our values and drivers including a sense of autonomy and the ability to recognise their sense of purpose in the wider community. The message at DMA is that all students feel welcome and everyone succeeds whether that be in higher education, university, or an ambitious route into employment. We continuously expose students to further/higher education providers as well as the opportunity to meet with a careers advisor who attends the academy weekly. Our After School co-curricular programme at KS3 and KS4 is designed to encourage participation in subjects beyond the national curriculum. Employability takes priority of three days per year across all year groups incorporating a range of

experiences with Higher/Further Education providers and employees, including interview experience and work experience.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments indicate that disadvantaged boys need additional support to close the gap in learning in Year 11.
2	Assessments confirm that progress and attainment in Year 8 for our disadvantaged students is below that of non-disadvantaged students.
3	Assessments indicate progress and attainment gaps between SEN disadvantaged and non-SEN disadvantaged students.
4	Ensuring disadvantaged students develop and maintain strong learning habits and have the resilience and support necessary to be successful especially in their assessments and GCSE exams.
6	Inconsistencies in achievement of disadvantaged students in different subjects
7	Our records confirm that the attendance of disadvantaged children is lower than that of other pupils.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
The progress and attainment of low prior attaining disadvantaged students, at least, matches or is improving towards that for other low prior attaining students within school.	At KS3 up to the end of Y10, the Progress Score gap in English and maths for low prior attaining disadvantaged students is positive. At the end of Y10 and throughout Y11, the Progress 8 score / Attainment 8 score for low prior attaining disadvantaged students, at least, matches or is improving towards that for other low prior attaining students nationally
The progress and attainment of middle prior attaining disadvantaged students, at least, matches or is improving towards that for other middle prior attaining students within school.	At KS3 up to the end of Y10, the Progress Score gap in English and maths for low prior attaining disadvantaged students is positive. At the end of Y10 and throughout Y11, the Progress 8 score / Attainment 8 score for low prior attaining disadvantaged students, at least, matches or is improving towards that for other low prior attaining students nationally

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

All Students in year 9 took part in a Duke of Edinburgh expedition, a number of Students including disadvantaged Students attended a residential Outward bounds trip to the Lake District.. All Students, including disadvantaged Students took part in 3 days of Employability activities, this included Students in Year 10 completing 3 days of Virtual Work Experience.

In GCSE examinations, the gaps in Disadvantaged, SEND and Male Students has decreased with the Disadvantaged gaps decreasing most significantly.

The difference in attendance between Disadvantaged and Non-Disadvantaged Students has reduced.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Appendix 1 Academy Improvement Plan

Appendix 1 Academy Strategic Plan

2-5 year master plan

1. To develop a robust training plan for staff at all levels to support their personal CPD and wellbeing
2. To deliver an outstanding curriculum that encompasses both academia and the passion to develop the whole child
3. To be a model for inclusive practice in the Trust and the wider teaching community
4. To be a community hub – a safe place that works with families and stakeholders beyond with just their children

Big Moves for 2024-25

1. Create a broad extra-curricular offer that inspires students to engage and builds cultural capital and redesign our trip offer to maximise student experience and inclusion
2. Review and restate our non-negotiables with homework and 100% sheets to maximise outcomes in line with most recent pedagogical research
3. Be an active leader in the community through events, working together with stakeholders, to place wellbeing at the heart of what we do
4. Growing people to be ready to be leaders in their areas

Appendix 2 Education Endowment Foundation (EEF) – Pupil Premium Toolkit

The Sutton Trust-EEF Teaching and Learning Toolkit is an accessible summary of educational research which provides guidance for teachers and schools on how to use their resources to improve the attainment of disadvantaged pupils.

The Toolkit currently covers 30 topics, each summarised in terms of their average impact on attainment, the strength of the evidence supporting them and their cost.
